

*Let's strike a match!*

*It's Time to build a fire under the State legislature  
to fund up to \$75.00 of your monthly contribution  
to your Deferred Compensation plan.*

Currently, the State will match up to \$25.00 monthly of your  
Deferred salary. We **ARE** allowed 3 times that amount but we need  
the legislature to designate funding so that it can happen.

*Imagine the increase this will bring to your retirement fund.*
